# Band Beveling Machine

Models: 206A / 206D

- For pipe sizes 6" and larger
- One crawler fits all band sizes
- Flexible 9' or 14' drive shaft
- 6" of clearance with Right Angle Drive Kit
- Out-of-Round attachment unnecessary
- Stainless steel bands mount anywhere on the pipe
- Custom sizes are available
- Limited Lifetime Warranty

# Quick Set Beveling Machine

Model: 205CS

- For pipe sizes ranging from 1.5" - 20"
- 4 machine sizes
- Adjustable arms - no spacers
- Full travel ring with a split frame design
- Gear box is fully enclosed, safeguarding from damage to exposed gears
- Limited Lifetime Warranty

## ACCESSORIES

### CLASSIC TORCH HOLDER (286)

- Provides a superior cut and bevel
- Prevent blowholes
- Forward or backward bevel

### 110V/220V MOTOR KIT - BATTERY READY (206K)

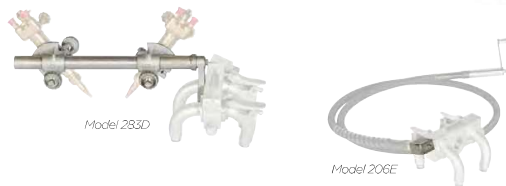

- Industrial grade, brushless motor
- Flame or plasma cutting
- Accepts DeWalt style 20v batteries (\*not included)

### KIT INCLUDES

- Control Box
- Mounting Bracket
- Brushless Motor
- 110v/220v Adapter
- Extension Cord

### ADDITIONAL ACCESSORIES

- Double Cut Torch Holder (283D)
- Right Angle Drive Kit (206E)
- Adjustable Torch Holder (284D)
- Carrying Case (13U)

\* Band & Transmission sold separately  
Torches shown for illustrative purposes only; available as optional equipment

## ACCESSORIES

### CLASSIC TORCH HOLDER (4KB)

- Comes standard with the Quick Set Beveling Machine
- Provides a superior cut and bevel
- Prevent blowholes
- Forward or backward bevel

### 110V/220V MOTOR KIT - BATTERY READY (205-ES)

- Industrial grade, brushless motor
- Flame or plasma cutting
- Accepts DeWalt style 20v batteries (\*not included)

### DOUBLE CUT TORCH HOLDER (283B)

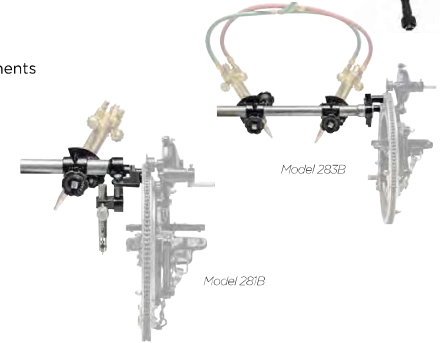

- Carries two torches simultaneously
- Allows independent height, lead, and bevel degree adjustments
- Available with Out of Round feature

### OUT OF ROUND ATTACHMENT (281B)

- "Floats" torch holder to follow pipe contour
- Accurate graduation permits setting torch for bevel angle

### ADDITIONAL ACCESSORIES

- Adjustable Torch Holder (284C)
- Carrying Case (13K)

# Compact Beveling Machine

Model: 200C

- For pipe sizes ranging from 3"-60"
- 10 machine sizes
- Full travel ring with a split frame design
- Spacers come attached directly to machine
- Gear box is fully enclosed, safeguarding from damage to exposed gears
- Largest size range available in the industry
- Limited Lifetime Warranty

## ACCESSORIES
