

# WORKBENCHES WITH VERTICAL PANEL

The EGA Master industrial workbench is designed for demanding environments, offering a robust, versatile, and optimized solution for workshops, factories, and maintenance areas.

It features a laminated wood top, a perforated front panel for tool organization, three drawers of different sizes, and a lower shelf for bulky materials.

- 1.** Made of **high-quality steel** with an epoxy coating, ensuring high resistance to corrosion and wear.
- 2.** Perforated front panel for efficient tool organization using adaptable hooks.
- 3.** Three drawers of different sizes, providing maximum versatility for tool storage. Equipped with bearings for enhanced comfort and precision.
- 4.** Durable laminated wood top, ideal for mechanical, assembly, or maintenance work.
- 5.** Lower shelf for storing bulky materials.
- 6.** Hinged top cover.
- 7.** Three side hooks.
